

HANCOCK COUNTY EAGLE

VOLUME FIFTEEN - NUMBER TWENTY-FIVE

BAY ST. LOUIS, MISS., THURSDAY, FEBRUARY 27, 1964

Subscription \$2.00 a Year - Single Copy 5c

Rosato, Bertin Chevis, and Leo diBenedetto, recipients of the Ad Altare Dei Award.

AWARD CONTRACT FOR RAILROADS UTILITIES AT HANCOCK MTO

Colonel D. A. Raymond, U. S. Army District Engineer at Mobile, Alabama, announced today the award of a contract in the amount of \$1,210,856.14 to the Hyde Construction Corporation of Jackson, Mississippi, and the Thornton Construction Company, Inc., of Hancock, Michigan, joint ventures for the construction of various roads, railroads, and utilities at the NASA Mississippi Test Operations being built in Hancock County, Mississippi, by the U. S. Army Engineer District, Mobile, for the George C. Marshall Space Flight Center.

The firm will construct a main railroad line from the classification yard to the fuel storage areas; a spur railroad line to the warehouse; road extensions to the administrative area and to the industrial water pump station; a temporary road from State Highway 43 across the bascule bridge and back for use during the relocation of the highway; approach slabs, traffic control signals and traffic gates at the bascule bridge; three parking areas in the Saturn V test complex; power supply cable extensions; communication ducts to the Data Handling Center; and additional water supply and sanitary sewer facilities in the support area.

Work is expected to begin shortly and to be completed by the last of November 1964.

The Corps of Engineers sent advance notices soliciting bids on this job to 1961 contractors and material suppliers, furnished plans and specifications on request to 23 prime contractors and 177 sub-contractors and material suppliers, and received 2 bids from prime contractors. This contract was set aside for award to a small business firm.

MARCH OF DIMES COLLECTIONS NET NEARLY \$1500

Mrs. Theo Tudury, Hancock County Chairman of the March of Dimes, announced approximately \$1,500 was collected during the drive.

Mrs. Tudury has expressed her thanks to all who helped in any way with the program.

Nine new centers, Mrs. Tudury added, have been added to the March of Dimes treatment centers, which now totals 77 centers for arthritis, birth defects and polio. One she said, is being established at Tulane Medical School under the direction of Dr. Ralph Platou.

One-half of the money collected in the county remains here Mrs. Tudury said and she is reminding those who may have failed to send in their contributions that it is not too late to do so.

GARNER GUEST SPEAKER AT HD CLUB MEETING

T. J. Garner, Chairman of the American Red Cross fund campaign for Hancock County, was guest speaker at Thursday's meeting of the Bay St. Louis Home Demonstration Club at the home of Mrs. R. F. Gray.

Mrs. Jeanne Williams, president, presided over the business session which opened with the pledge of allegiance.

Mrs. Gray gave the devotional and members answered the roll call with My favorite oven meal.

Mrs. Hilaire Ogden gave a demonstration on proper dress accessories.

The thought of the month is "No one is useless in this world who lightens the burden of anyone else."

Plans for fund raising projects for the club, study topics for the year and the new hand book were discussed.

Miss Barbara Gray and Mesdames Myron Smith and Hugh Miller were co-hostesses for the social hour.

SEVERAL MORE CONTRACTS LET FOR MTO CONSTRUCTION

Headquarters, Third U. S. Army, Fort McPherson, Ga. - A contract of \$3,207,166 for the construction of the Saturn test stand B-1 with B-2 substructure at Mississippi Test Facility, Hancock County, Miss., has been awarded to the firms of Peter Klewin Sons Co., and C. H. Leavell Co., 1000 Klewin Plaza, Omaha, Neb., as a joint venture.

The work will be performed jointly by the contractors at the test site.

The contract was awarded on Feb. 12 by the Mobile District Corps of Engineers, Mobile, Ala., from National Aeronautics and Space Administration Funds.

Headquarters, Third U. S. Army, Fort McPherson, Ga. - A contract of \$3,801,146 for the construction of a booster storage building - RP-1 dock - and booster transfer dock at the Mississippi Test Facility, Hancock County, Miss., has been awarded Chaney & James Construction Co., Inc., of Richardson, Texas. The work will be performed by the construction company at the test site.

The award was made on Feb. 11 by the Mobile District Corps of Engineers, Mobile, Ala., from National Aeronautics and Space Administration Funds.

Bond Election Set March 21st

MAYOR JOHN A. SCAFILE, at a meeting held Monday night, at Bay High School auditorium, is attempting to explain to those present, the benefits which could be derived from the Sewerage, water and gas improvement program proposed by the City Administration, and for which a special Bond election will be held on March 21, 1964.

The City Council has set March 21, as the date for a special election on the proposed \$3.15 million bond issue. The council also adopted an ordinance, which will be voted on the same date, for a half cent city sales tax increase.

According to Mayor John Scafile, the bond issue would provide for a sewerage system and an overall improvement program for the city's water and natural gas systems.

The bonds would pay for the initial improvements and the sales tax increase would take care of maintenance of the systems. The bonds would be retired with funds collected from operation of the utilities.

In a breakdown of the \$3.15 million program, the Mayor said \$2,240,000 would go for the sewerage system; \$710,000 for water system improvements and \$200,000 for the natural gas system.

All areas of the city would be furnished with service by the new sewerage system, which the Mayor said, would require the laying of approximately 40 miles of pipe, the installation of five pumping stations and the construction of a complete sewerage treatment plant, including two observation ponds.

Construction of two new elevated storage tanks, approximately eight miles of eight-inch and 11 and a half miles of 6-inch lines, installation of 65 additional fire hydrants, in order to meet State Rating Bureau requirements, would be included in the water system improvements.

Funds to be allocated for the natural gas system, installed by the city in 1939 would be used for testing the condition of existing lines and for replacing approximately 13 miles of old lines.

Mayor Scafile noted a simple majority vote would be required for passage of the proposal.

Mayor Scafile representing the City Commission Council and Dr. A. K. Martinovich the county Physicians spoke in behalf of the bond issue at a public meeting Monday night at Bay High.

Also on the program was Eugene E. Owen, Baton Rouge engineer, who gave details of the proposed improvement program. Mr. Owen, whose firm prepared the plans for the program conducted a question and answer period.

COFFEE PARTY KICKS OFF DRIVE FOR MEMBERSHIP

A coffee party to kick off Hancock General Hospital Auxiliary's annual membership drive was held Tuesday morning at the North Beach home of Mrs. John J. McDonald.

Mrs. Lewis Wagner and Mrs. Joseph Vigueire, hospitality chairmen, greeted the large number of guests attending. While Mrs. Wallace Chevis and Mrs. Marion Oistad presided at the coffee table which was covered with a linen cut-work cloth and centered with a lovely arrangement of pink camellias.

Mrs. James Robert and Mrs. Ben Hille Sr., past presidents, served.

Arrangements of camellias decorated the reception rooms.

Mrs. L. P. Crull of Winona, chairman of Council on Auxiliaries, Mississippi Hospital Association was a guest.

It was reported a large number of newcomers to the area and local persons joined the group.

Mrs. Leo W. Seal, Auxiliary president, expressed her thanks to all who attended.

RED CROSS CAMPAIGN CHAIRMEN APPOINTED

T. J. Garner, Hancock County chairman for the 1964 American Red Cross fund campaign, announced the appointment of the following campaign chairmen:

Reuben Gray, vice chairman; N. L. Carter, special donors; Ray Gordon, business firms, in Bay St. Louis; W. D. Kellogg, business firms on South side of Highway 90; John J. Kennedy, Mississippi Test Operations chairman; Corps of Engineers and contractors; John Hillburn, MTO-NASA, and General Electric Company; Mrs. Eliza Barlett, Bayou La Boute Community; Mrs. William R. Dean and Mrs. William White, co-chairmen; Earlington and Tom Logan, Hancock County Hospital.

CYA HOLD MEETING

Our Lady of the Gulf Catholic Young Adults held their regular meeting Sunday afternoon. Plans were made for a boys' ride at 1:30 p. m. this week. All members or anyone interested in joining the group should meet at the hall.

Red Cross Drive Opens March 1st

The 1964 American Red Cross Fund Campaign will get underway beginning March 1, according to Tom Garner, who has been appointed Chairman for Hancock County. His Vice-Chairman is Reuben Gray.

An organizational meeting was held at 10:00 a. m. last Thursday, February 20, in the Fellowship Room of the Baptist Church, where the Rev. Emory Green presided over an excellent and gracious host.

A vote of thanks was extended to him for his many courtesies to the Red Cross workers.

Mr. Tom Piper, Assistant Field Director of American Red Cross, located at Keesler Field, who was guest speaker, explained to the group the workings of Red Cross and discussed details of solicitation of funds, or contributions, to the campaign.

He was very thorough in his talk and good results are expected.

Mr. Garner expressed his thanks and appreciation for such a splendid attendance and stated it was very inspiring and a step in the right direction toward attaining the goal of \$4,500.00 in this year's campaign.

It is hoped that the public will respond generously to this worthy cause; it is needed. Remember, "Those who care gladly share."

CHRIST EPISCOPAL SCIENCE FAIR MONDAY, MARCH 2

Christ Episcopal Day School's annual competitive science fair will be held Monday, March 2, at the school, for students from the first to eighth grades.

First, second and third place ribbons will be awarded for all grades at the local fair and all winners from the fifth to eighth grades will be eligible for the district fair in Hattiesburg in April.

Open house for parents and interested friends will be held at 8 o'clock Monday night when the projects will be on display.

BEAT PROPOSAL TO REVAMP TAX LAWS ON LIQUOR

JACKSON, Miss. - Liquor tax advocates waited for a new opportunity to pass a bill that would tighten and revamp whiskey tax laws in this legally dry state.

The House beat down for the second time the proposal when Rep. Hilton Watts of Washington County brought it up Tuesday. The measure got a favorable 65-51 vote, but needed 70 votes to get the three-fifths majority required for passage of tax bills.

Watts kept it alive again on a motion to reconsider the vote. The bill would change the black market tax on liquor and a wholesale tax, a move that would affect procedures and legalities rather than rates.

Rep. C. L. Bullock of Harrison County led opposition, saying the bill had a "nauseating odor" of inconsistency. He noted there were conflicting liquor laws on the books.

Bullock said he had been asked to vote wet, to vote dry, but that nobody had asked him to vote for black market taxes.

Watts said the measure would mean another \$250,000 a biennium in tax revenues and "we really need the money. If we don't pass it, this money will go into the pockets of the bootleggers."

TO MEET MARCH 2

Waveland Volunteer Fire Department Auxiliary will meet at 8 p. m. Monday, March 2, in the Waveland Town Hall.

The February project was reported a success and O. V. Moran was recipient of the prize given at the event.

All members and anyone interested are invited to attend.

Several Accidents Reported

City Police Chief Lathan Garriga reported several accidents in the past week which caused considerable property damage.

On February 20, Claude Presley driving a 1956 Ford station wagon was struck by a county school bus operated by Oris Harris, which also ran into the concession stand at the ball park on Ulman and Dunbar Avenues.

Damage to the station wagon was estimated at a total loss; with \$150 to the school bus and considerable damage to the concession stand. The incident was investigated by police officer William Carbonette.

Johnny Favre, driving a 1963 Oldsmobile, ran into the Renshaw fence on North Beach at 4 p. m. Saturday, causing about \$300 damage. Chief Garriga, who was assisted in his investigation by officers Robert Goodsell and John Kachler, said.

Melvin J. Cusin who hit a light pole on South Beach at 11:50 p. m. Monday was taken to Hancock General Hospital and later removed to Gulfport Memorial. Chief Garriga said Cusin, who was driving a 1957 Plymouth apparently lost control of the car during a heavy rain. His vehicle was a total loss.

In another accident Tuesday, when a 1964 Ford operated by D. J. Tartavouille and a 1962 Buick driven by Mrs. A. E. Cox collided at Dunbar and Ulman Avenues, Chief Garriga reported approximately \$500 damage to the Ford and about \$250 to the Cox car.

All drivers involved in the accidents, Garriga stated, will have a hearing in Mayor John Scafile's court tonight.

PREPARING FOR SPRING AND SUMMER

Mrs. Theo Tudury, Parks and Playground director, said this week plans are underway to repair the municipal pier and get the playgrounds in readiness for the coming program.

Plans are also being made to add a double tennis court which will be at North Bay Elementary School, she added.

Considerable damage was done to the pier during the past month, Mrs. Tudury said, and the concession stand at the Ulman Avenue ball park was damaged considerably when struck by a school bus in an accident last week.

TO MEET MARCH 4

Bay Waveland Yacht Club Ladies Auxiliary will meet at 11 a. m. Wednesday, March 4.

All members are invited to attend.

Two Waive Hearings

Two men arrested in Bay St. Louis by Deputy Sheriff R. M. Fleming and City Patrolmen Paul Egloff and Julius Weber, waived preliminary hearings before the U. S. Commissioner at Biloxi on federal charges Monday.

Raymond Massey, 22, and James C. Whittaker, 21, of Carrabelle, Fla., waived hearings on charges of interstate transportation of a stolen 1958 Chevrolet station wagon from New Orleans to Bay St. Louis.

Their bonds were set by Commissioner Veta Lee Swetman at \$1,000 each and both were confined to Harrison County jail.

Sheriff Sylvan Ladner said Massey and Whittaker were apprehended late Friday at a service station at Dunbar Avenue and U. S. Highway 90 when officers investigated reports the men were attempting to sell a radio and trailer hitch.

The sheriff's office, acting on the basis of a dealer identification tag on the ignition key of the 1958 Chevrolet, determined that the car was reported stolen from a car lot in New Orleans, the sheriff said.

Skinner's Motor Mart in New Orleans, Sheriff Ladner stated, reported the vehicle was stolen about 8 p. m. February 20.

RIFLE RANGE

E. J. Werling announced there will soon be a 22 calibre rifle range available to boys, girls and men of this area.

The program, sponsored by Clement R. Bontemps Post 139 American Legion and the Sons of the American Legion, will teach beginners how and when to shoot a rifle.

For further information contact any Legionnaire or E. J. Werling at 7-6257.

FINAL RITES IN WAVELAND FOR JAMES N. MCCONNELL

Funeral services for James N. McConnell, 71, were held Saturday morning from Riemann's Fahey-Whitfield Funeral Home with interment in Waveland Cemetery.

Mr. McConnell, retired chief of the Louisiana Wildlife and Fisheries Commission's oyster and water bottoms division, died Thursday night February 20, at his home in Waveland.

One of the foremost authorities on oyster and shell fish, Mr. McConnell was head of the oyster and water bottoms division from November, 1926, until his retirement September 30, 1962.

Mr. McConnell was an organizer and former chairman of the Gulf States Marine Fisheries Commission and was also a member of the Oyster Institute of North America and National Shell Fisheries Association.

A native of New Orleans, he entered the service in 1917, and later served as an intelligence officer with a heavy artillery unit in the Argonne sector of France.

Following World War I, Mr. McConnell was named assistant city engineer in Monroe, La., where he remained until 1926, when he was named acting director of the water and water bottoms division of the Louisiana Conservation Department. That same year he was named director after passing an examination as a land surveyor.

Mr. McConnell is survived by his widow, Mrs. Pauline Hammond McConnell; a son, James Logan McConnell, New Orleans; a daughter, Mrs. Van O'Gwyn, Morgan City, La.; two brothers, Samuel Logan McConnell, Waveland; and Richard B. McConnell, New Orleans; a sister, Mrs. Margaret Sidner, New Orleans; and five grandchildren.

Interment was at St. Louis Cemetery, New Orleans. The Rev. S. Logan McConnell, Ernest Hammond, Tuttle and Trist McConnell.

ART FUND COLLECTIONS NEAR QUOTA

Elus Depreo, Heart Fund chairman for Hancock County, said week \$1,058 has been collected.

The quota for the county is \$1,000, she added, and the drive ends March 29.

Flowers will be sold Saturday morning at the business places on the highway by Dianne Mell, Susan Pucheu, Chris Amelia Richardson, Leslie Berdine and Gregory Pres-

ley. The business places will be contacted for their donations by Mesdames Depreo, Cyril Glover, Henry Mann and Herbert Stieffel, Depreo stated.

LAKEHORE RESIDENT DIED FRIDAY IN NEW ORLEANS

Vladimir Fuch, 72, died at 11 a. m. Friday, February 21 in New Orleans.

He was the husband of Jessie Yarborough; father of Joseph Vladimir, Stanford, Kenneth and Jefferson Fuch. He was the son of the late Caliste Martinez and Simeon Fuch.

He is also survived by 12 grandchildren, nieces and nephews.

Funeral services were held from Riemann's Fahey-Whitfield Funeral Home Monday morning with a Requiem Mass at St. John's Catholic Church, Lakeshore. Interment was in Lakeshore Cemetery.

Palbearers were Stanford Fuch, Joe Fuch, Henry Fuch, Val Fuch, Sam Bordages and Wilbert Bordages.

GRAMMAR SCHOOL CAGE TOURNAMENT

The county grammar schools will participate in a basketball tournament at Logtown gymnasium March 2-4.

Games will begin at 8 p. m. Monday and Tuesday and the finals at 7 p. m. Wednesday.

Admission will be 15 and 30 cents.

Participating teams will be Logtown, North Bay, Gulfview, North Central, St. Joseph Academy and St. Stanislaus.

TOWN AND COUNTRY GARDEN CLUB MET

Town and Country Garden Club met last Tuesday at the home of Mrs. A. J. Chagnard.

Mrs. Edward LeVasseur, vice president, presided in the absence of Mrs. A. J. Butz. Mrs. L. A. Sauer read the minutes of the previous meeting and Mrs. S. K. Kepner gave a financial report.

Mrs. Sauer, nominating committee chairman, reported and interesting suggestions on spring planting were given by Mrs. Earl Gates.

The club will celebrate its 12th birthday with a party March 17 at the home of Mrs. Louis Moreau.

Mrs. Sauer won the entrance prize.

Party refreshments were served by the hostess following the meeting.

PERE LE DUC AUXILIARY MET

Pere Le Duc Auxiliary met last Wednesday at the Knights of Columbus Hall with Mrs. Curtis Mathene, president, presiding.

Mrs. Bernard Piazza showed a film of last year's local carnival parade and the group was shown the trophy won by the Auxiliary for its float entered in the parade this year.

A social hour followed the business session.

The next meeting will be held Wednesday, March 18.

A PUBLIC STATEMENT BY THE Hancock County Physicians ON THE Proposed Sewerage System

The lack of a Sewerage System in Bay St. Louis hardly needs comment by the doctors here - we think the resulting health hazard should be obvious to anyone. However, the time has now come where the solution to the problem is in your hands, and we want to make it abundantly clear how your doctors feel about this problem. Frankly, we have made no public statement in the past (although you have no doubt heard us individually) because the situation besides being dangerous almost constitutes a public disgrace. Furthermore we were aware of the continual efforts of the Mayor and City Council to solve the problem.

NOW, IT IS UP TO YOU. The obvious remedy is the construction of an adequate sewage disposal system. This costs money - your money.

We make no recommendations about the details for financing, design, construction or other particulars but must rely on our public officials and their expert professional advisors. We do recommend that an adequate sewage disposal system is urgently and immediately needed.

When considering the dollar cost of construction on one hand, also consider the cost of not going on with the program. What is it costing you in health hazards? What is your personal expense for a "minor illness," even if hospitalization is not required? What would be the cost to you individually or to the community generally if our public beaches are closed?

This community was the first in Mississippi to be successfully incorporated. The physicians are proud of this and your continued cooperation in removing the health hazard. We challenge you to again be as successful in an even more important project.

HANCOCK COUNTY PHYSICIANS

million which has already passed the House. The United States is the most powerful nation in the world today and our continued military superiority is our best assurance of peace and our freedom.

"Finally, debate on the vicious and unconstitutional civil rights bill start this week.

"Our Southern group is meeting regularly, mapping our strategy against this bill. We will use every parliamentary weapon and maneuver available to fight the bill and alert the entire nation to the real danger it represents. It is a selfish grab for raw political power of the rankest kind, and will destroy far more constitutional rights than it can possibly protect."

Miss Annie Vance of Gulfport visited Monday with Mr. and Mrs. Osmond Blalze at their Felicity Street home.

Mr. and Mrs. David McDonald were hosts for the Couples Club dinner Saturday at Annie's Restaurant at Henderson Point. Guests of the 19 couples attending were Mr. and Mrs. Jay Harrison, Mrs. J. W. Clark Sr., Mr. and Mrs. Chuck Steers and Mr. and Mrs. J. Byrd.

Dr. and Mrs. J. C. Overall, who are attending a medical meeting in New Orleans, will spend the latter part of the week with his brother-in-law and sister Mr. and Mrs. C. C. McDonald Sr.

Mrs. W. R. Pitcairn Sr, arrived Sunday from Livingston, N. J., for visit with the W. R. Pitcairn family.

Mrs. John Wiltz of New Orleans spent last weekend with her son and daughter-in-law Mr. and Mrs. Lloyd Wiltz and children.

Mrs. J. W. Clark Ex. of Knoxville, Tenn., who has been visiting her son and family for the past six weeks, will return home Monday.

Mr. and Mrs. Nelius Favre and sons spent Sunday in New Orleans. They were accompanied by their nieces Brenda and Ann Sticker who have been visiting with them and with Mr. and Mrs. Bobby Ladner for the past week.

• • •
Lt. and Mrs. James Duffy and daughter Jeannean of Shreveport, La., visited over the weekend with her parents Mr. and Mrs. Edward Heitzmann and family.

Also visiting in the Heltzmann home Sunday was her mother Mrs. W. C. Nunn of New Orleans.

Sgt. and Mrs. A. J. Peterson and daughter, Lori Ann, of Jacksonville, Florida, were weekend guests of his brother-in-law and sister Mr. and Mrs. Carl Ladner and family.

BACKGROUND FOR MARRIAGE

Next year George will be a civil engineer from Tech. And Meredith is studying Home Economics at State.

If you were their parents, wouldn't you consider that a pretty good background for marriage? Boy with a promising profession! Girl with a sound grasp of the family budget!

But should we be so naive? What they study in college is *foreground*, not background. It equips our sons and daughters for the immediate opportunities and obligations the future presents.

The permanence of love is not rooted in engineering or economics. Designing bridges and planning menus are not keys to a lasting happy marriage.

Personal character determines the ability of a man and woman to meet the demands of sacrifice and unselfishness that marriage requires. The Church molds character as it builds faith. For character is one of the by-products of faith . . .

. . . The ability to love unselfishly is another!

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

SIGNUP
WAY

Signup for the 1964 feed program now is underway in the Hancock County Office, John W. Office Manager of the Agricultural Stabilization and Conservation Service, is the office manager. The signup started February 10 and will continue through March 27. The 1964 program will be more to many producers than the 1963 program, but basically the same. The Office Manager explained that the program will be about the same as last year. The signup will be entirely voluntary. The price support eligibility for three crops will depend on power participation. The major improvements in the 1964 program, as compared with previous programs, are: producer may divert as much as 40 percent of his feed grain (this was 40 percent in 1963) and those who divert 40 percent or more of their base acreage will receive diversion payment at the maximum rate for all diverted. (The maximum diversion will continue to be 40 percent of the base.) Rates of diversion payment are offered, but the higher would apply to more acres in the 1964 program. The minimum is again based upon one of the county's total price rate; the maximum or rate is based on one-half support rate. If the operator up to divert 40 percent of his feed grain base, the rate will apply to all the diverted. If less than 40 percent is diverted, the minimum will apply to 20 percent of the acreage between 20 percent and 40 percent. Producers who take part in the program will be eligible for diversion price support payments, and price support loans on 1964 production of the

three grains. The price support payment will be made to all participants in the program who plant the feed grains for harvest, and they will be made regardless of the use made of the grain. The producer may sell the grain or feed it if he wishes and still receive the payment.

Application to take part in the 1964 feed grain program may be filed in the Hancock County Office from Mondays through Friday at any time between the hours of 8 a. m. and 5 p. m.

NOTICE TO BIDDERS

STATE OF MISSISSIPPI
COUNTY OF HANCOCK

Notice is hereby given by the Board of Supervisors of Hancock County, Mississippi, that sealed bids will be received by the Board on or before 10:00 A. M. Monday, March 16, 1964, for the use of District One, the following:

One (1) new two ton eight (8) cylinder truck, short wheel base, four forward shift, two (2) speed rear axle, with rear tires (nylon tires and tubes) 800x2-10 ply, on front 825x20-10 ply, also with cab protector and signal running lights.

Quote price with and without body.

Said bids shall be filed with the Clerk of this Board on or before the time and date specified.

The Board reserves the right to reject any and all bids.

Given under my hand and official seal of office, this 14th day of February, A. D. 1964.

PROPOSED PRODUCT—Ole Miss industrial professor Dr. William Green lends a supervising hand as students (from left) Terry Hinton of Greenwood and Larry Higginbotham of Memphis construct a pilot model of a proposed compressor unit they wish to manufacture and place on the market. The models are made on actual industrial machines in order to give the students first hand knowledge of how it is done. After the model is completed, the students will design a factory in which to produce the product, draw plans for all machinery to be used, and create a plan for training skilled workers.

VALENA C. JONES TIGERS AND
TIGERETTES WIN SOUTH MISSISSIPPI
CONFERENCE CHAMPIONSHIP

Valena C. Jones Tigerettes defeated Poplarville 25-24 in the conference tournament finals last Saturday night in Poplarville.

Bertha Dorsey led the scoring with 15 points followed by Marilyn Price with seven. Outstanding on defense for the Tigerettes were Linda Young, Annie Haynes, Carol Robinson and Gladys Mullins.

Valena C. Jones' team advanced to the finals by defeating Wiggins in the semi-finals by a 45-21 score. Leading scorers for the Tigerettes were Ertha Dorsey with 24 points; Marilyn Price, 10; and Gladys Mullins 5 Haynes, Young, Mullins and Price were outstanding on defense.

Ertha Dorsey, Marilyn Price, Annie Haynes and Linda Young were selected to play in the All-Star game held at 7:30 p. m. February 25 in Valena C. Jones gymnasium.

The Tigerettes finished the season with 23 wins and 4 losses, with an average of 42 points per game as a team while their opponents averaged 24.

Leading scorers for the season were Ertha Dorsey with 614 points in 25 games for an average of 22.8 points per game; Marilyn Price, 275 points.

Gladys Mullins, Annie Haynes, Linda Young and Carol Robinson paced the defense throughout the year.

Following the All-Star game the Tigerettes will begin practicing

MISSISSIPPI TAKES
BEATING DUE TRAFFIC
DEATH TOLL

Mississippians took a financial beating in 1963 as a result of the traffic death toll according to figures made public by Commissioner of Public Safety T. B. Birdsong. The figures are taken from the 1963 annual traffic summary prepared by Al Richburg, Supervisor of the Accident Records Division under the direction of the Commissioner.

Gen. Birdsong stated, "Our state lost \$10,081,870.00 in property damage alone last year. Mississippi drivers were involved in 22,596 accidents resulting in 10,683 injuries and 620 fatalities. The accidents occurred at the rate of 81.9 per day and the injuries at 29.3 per day.

"To examine the loss a little more closely and put it into terms everyone can understand this means our state loss \$333,238.00 per day, or \$13,884.00 per hour. This economic loss boils down to \$3.88 for every second of 1963. This is a loss that we can't afford! It behooves every driver to improve his driving habits so we can reduce this loss in 1964. It is our firm intention and that of the men of the Mississippi Highway Patrol to make 1964 a much safer year for all drivers.

"At the present time we have reduced the toll for 1964 by 15 deaths over the same period in 1963. If we can continue this improvement we will have helped make our roads safer and a much more pleasant place to drive.

"However, we cannot do the job alone. There are many factors that enter into consideration. We must have the continued cooperation and coordination of all law enforcement agencies charged with traffic enforcement; we must have solid backing from all our courts throughout the judicial structure; we must have a greater public awareness of the situation; the public must want and demand more and better enforcement of traffic laws; and public understanding that continuous, vigorous enforcement is the answer to the spiraling rise of traffic deaths and accidents. We appeal to each citizen to actively participate with us in a concerted move to reduce deaths and accidents in 1964."

DOROTHY J. ESTAPA
1964 BETTY CROCKER
HOMEMAKER
FROM HERE

Dorothy J. Estapa has been named 1964 Betty Crocker Homemaker of Tomorrow for Bay St. Louis high school, Bay St. Louis, Miss. She achieved the highest score here in a written homemaker examination taken by senior girls throughout the country on Dec. 3, and now becomes eligible for one of 102 scholarships totaling \$110,000.

Her paper has been entered with those of other school winners in the state in competition for the title, State Homemaker of Tomorrow. The winner of this honor will receive a \$1,500 scholarship from General Mills, Inc., sponsor of the annual program. The second-ranking girl in the state will receive a \$500 educational grant. The school of the state winner will be awarded a complete set of the Encyclopedia Britannica by Encyclopaedia Britannica, Inc.

Late in April, the first-place winners from each of the 50 states and the District of Columbia, together with school advisors, will gather in Colonial Williamsburg, Va., to start an expense-paid educational tour of the East.

The week-long tour, also including Washington, D. C., and New York City, will culminate with the naming of the 1964 Betty Crocker All-American Homemaker of Tomorrow. Chosen on the basis of original test score, plus personal observation and interviews during the tour, she will have her scholarship increased to \$5,000. Grants of second, third, and fourth-place winners will be \$4,000, \$3,000 and \$2,000, respectively.

All judging is done by Science Research Associates, Chicago, which also constructs and grades the written examination.

The Betty Crocker Search for the American Homemaker of Tomorrow was begun in 1954 to emphasize the importance of homemaking as a career. It marked its tenth anniversary this year with a record enrollment of 484,879 senior girls in 14,059 high schools. Total enrollment since the program's start stands at 3½ million girls and, with this year's grants, scholarships will exceed \$1 million.

ANNOUNCE NORTH
CENTRAL BETTY
CROCKER WINNER

The Hancock North Central winner of the Betty Crocker Homemaker of Tomorrow award was Ann Lee, daughter of Mr. and Mrs. Francis L. Lee of Rt. 3, Picayune. The award was presented at the annual fashion show of the Home Economics students. Ann, a senior, is active in Beta Club work. Her hobbies include cooking, sewing, and music. Upon graduating she plans to enter Nurses Training.

RESEARCH PROVIDES
RECOMMENDATIONS
OF WEED CONTROL

STATE COLLEGE, MISS. Chemicals do much of the weeding on Mississippi farms today and the task keeping informed on new herbicides and what they can do is a gigantic one. New recommendations are needed for guidance each year.

The Mississippi Agricultural Experiment Station has just published 1964 weed control recommendations for cotton and soybeans. Based on cooperative research between the Experiment Station and the U. S. Department of Agriculture, the recommendations also take into account the experience of the Extension Service in the field.

"Control of weeds is becoming more efficient, and also more complex, each year. It requires thorough advance planning and supervision," authors of the recommendations say. "While recom-

mendations are suggested by the research data, the grower must make a chemical decision with his own knowledge of the soil, the weather, the weeds, and the crops. In soybeans, the weed problem may develop in early season, late season, or progressively throughout the season. Growers, therefore, must be alert to the weeds that would not be suitable for use in certain other crops.

Current recommendations are published in Mississippi Farm Research available from the Experiment Station, State College, Mississippi.

No use kidding ourselves, fishing is on a standstill just now. Went out over the weekend and just couldn't find any good water. Too much rain. Snow fell last weekend in Lake Charles, La., at this time of year. The water up Jordan River, Bayou La Croix and Pearl River is bad, however, Pearl River is clearing a little and the bayous at their head should be clear. This time last year we were catching plenty of green trout most everywhere. Conditions should get better soon. You can look for a real good fishing season from now on. According to past years whenever we had a bad and longer winter, fishing was always better. Swollen streams like Pearl River purge the small bayous and lakes bringing new fish to the main streams.

The little fishing being done now are in private ponds where there are plenty fish and large ones. The waters clear rapidly and are usually shallow. As an example, Ronnie Rauxet, 8 years old, caught a 4 pound green trout last week. Of course daddy is having the fish mounted for this young angler. He can look at this fish for many a day.

Of course it's not pleasant to write about our buddies who have passed away within the past week. To head the list was Jimmy McConnell, for years with the Louisiana Game and Fish Commission an ardent fisherman and hunter from Waveland. Our newly elected Justice of the Peace, Peter Chinche, a native and life long resident of Bay St. Louis an all-around sport. "Dick" Daley and John Horlock both residents and good fellows. Sympathy is extended to their families.

Luke Elliott of Baton Rouge was down this weekend. Went fishing but with little results. They'll be better next time, Luke.

Morris Daniels was also over but strictly on business. Morris is like a lot of others he is planning to catch up on his fishing soon.

Tony Enterante and Chaddie are visiting relatives in Los Angeles. The red fish at Leesville will refresh this news. Tony is after them most every weekend.

Met Leo Seal, Jr., the other day. He is getting his newly built boat in readiness for a busy fishing summer. He says his boat is his friends' boat. Will be looking for that trip Leo.

Even the game warden must be exact. Balled me out for saying all hunting seasons will be over the end of February. Didn't give the exact date, Feb. 19. Only warning the hunters to put away the old shooting irons and check their fishing tackle. For hunters it's a good idea, if in doubt, to call the game warden about open and closed seasons before venturing in to the woods.

It is an old saying "Those who don't make a mistake don't do anything." That's me.

According to hunters this year's quail hunting was pretty good. Birds were plentiful and the coverts were large. Don't shoot out a whole covey and we will always have birds, said one old timer.

If we have a few weeks of good old sunshine we will all get well.

IRS UNDER USE OF PRE-PRINTED TAX RETURNS

Mississippi taxpayers today were urged to use the Federal income tax return form of which their name, address and social security number are pre-printed by the Internal Revenue Service. The second or "plain" copy in the mailed package should be retained for the taxpayer's records.

J. G. Martin, Jr., District Director of Internal Revenue, said use of the pre-printed form will speed the issuance of refunds, as well as expedite other processing operations in the new electronic computer system.

He said a check of early-filed returns shows a substantial number of taxpayers, particularly those filing Form 1040, are failing to use the pre-printed copy.

The Card Form 1040A has been pre-addressed for a number of years, but pre-printing of taxpayer identification on Form 1040 is new this year. The printing is done through a die-cut on the first page of the mailed tax package similar to the familiar window envelope. It is this form that should be completed and filed with Internal Revenue.

If the pre-identified form should be spoiled, or is used inadvertently as a work copy, Mr. Martin suggests that taxpayers print the information on the second copy exactly as it appears on the first.

and the soft crabs and flounders will make their appearance. That's the next open season coming up.

If you like this column read it. You can help by sending in items of interest of your friends. We will publish them. Address Katchem, Hancock County Eagle.

A good way to live to be a ripe old age is told by uncle Charlie Robertson who was 99 at the beginning of the new year. Let every day take care of itself.

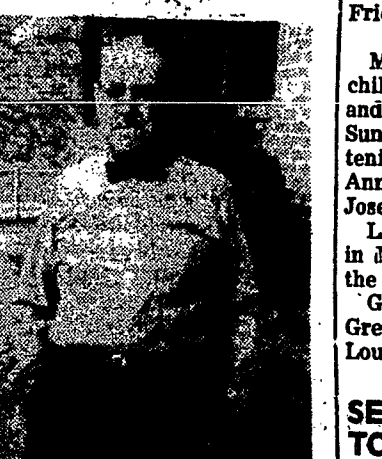

He attributes his long life to good whiskey and good times. "But I am a man of moderation. I drink a little every day," he explains. Charlie still walks without any aid. His stooped figure may be spotted bounding along any central business district street. Friends say he often out walks them. His hearing is still extremely good.

"I ain't afraid, even of the bomb. My advice for the New Year is this: Take care of yourselves and live right."

"That bomb, 'tan' gonna do me no harm or no good." Unlike many in the world, Uncle takes his drinks and days one at a time.

—Times-Picayune

LOCAL SPORTSMAN

Ed Arceneaux is an old time resident who just retired at the first of the year. He is an ardent fisherman but who says he has been too busy raising a wonderful family to do much fishing. But from now on the fish had better watch out for he will be after them. Let's make a trip Ed. I am always ready like the little fellow with his first gun.

LAKEHORE AND CLERMONT HARBOR NEWS

By Allyn (Paw Wee) Courtes
HO-75808

Visiting Mr. and Mrs. Cornelius Mason of Lakeshore for the week-end were Mr. and Mrs. Jack McSpadden of New Orleans.

Billy Boswell, who has been on leave from the Navy, left Monday to return to his post.

Get well wishes are extended this week to Mrs. August Usher and Mrs. Maggie Liles, who have been hospitalized, and to Herbie Peterson Jr., who has been on the sick list.

Bully Ladner and family have almost completed their new home in Ansley.

Also the Ingersals of Ansley are under way with a lovely home in Lakeshore.

Happy birthday wishes are extended this week to Forrest Ladner and Jimmy Kimph who celebrated February 22, to Mrs. Horace Johnson and Kirk Ladner, who celebrated February 23, to Vic Green, who celebrated February 25, to Deserie Ann, daughter of Mr. and Mrs. Emmett Lusch, who celebrated her first birthday February 26, and to Marlene Ladner, who celebrated February 27.

Dinah Lynn daughter of Mr. and Mrs. Bert Courge, celebrated her second birthday February 19 with a party at the home of her maternal grandparents, Mr. and Mrs. Edgar Williams of Lakeshore. Those attending were Mr. and Mrs. Louis (Fritz) Garcia and children Wanda, Debbie, and Fritz, Mrs. Bonnie Strong, Margie Lent, Mrs. Alene Courge, and Mr. and Mrs. Williams.

Cake and ice cream were served to the guests attending.

Coming in on a surprise visit to her mother, Mrs. George Powers of Lakeshore, were Mrs. Y. L. Thomason and daughter Fay Anne and son Keith of El Paso, Texas.

Also Mrs. Hazel Green and daughter Beverly, friends of Mrs. Thomason's of El Paso.

Mrs. Harold Garcia and Mrs. La Green, who have both been in the hospital, returned to their homes this week and are reported to be doing quite well.

Deepest sympathy is extended this week to the relatives and friends of Mr. Vladimir Fuschik who passed away February 21. Interment was held February 24 in the Lakeshore Cemetery.

Some of the local boys who are to leave March 22 for service are Louis Emmett Kennedy, Leroy Fricke, and Billy Ladner.

Mr. and Mrs. George Green and children, George, Pat, Wayne, and Pam motored to New Orleans Sunday, February 23, for the christening of their granddaughter, Rea Anne, daughter of Mr. and Mrs. Joseph Camp.

Little Flower of Jesus Church in New Orleans was the scene of the christening.

God parents are Mrs. George Green, maternal grandmother and Louis Commagere of New Orleans.

SEVEN VERDICTS TOTAL \$157,546 IN LAND CASES

A petit jury returned seven verdicts in Hancock County land condemnation cases recently in federal court at Biloxi. The jurors made awards totaling \$157,546; four of these were to the state of Mississippi for \$129,046, in cases involving sixteenth-section school lands.

These four verdicts were to the state of Mississippi with the Hancock County board of supervisors as trustee for township school funds.

The cases were consolidated for trial.

The verdicts were: \$15,000 to Mr. and Mrs. Chester H. Slaven for their leasehold interest in about 80 acres of one tract, the leasehold interest running for 17 1/2 more years.

To the state, \$54,489 for taking of an easement over its interest in tract 250-E, less the interests of four lessees, two of which were involved in other verdicts recently and two of which were settled for \$10,500 and for \$12,000.

To Mrs. Della Boutwell and her husband, \$12,000 for taking an easement over their leasehold interest in about 64 acres of Tract 250-E, their leasehold interest running for 20 more years.

To Mr. and Mrs. James W. Hosen, \$1,500 for taking an easement over their leasehold interest in about 50 acres of Tract 250-E, their leasehold interest running 15 more years.

To the state, \$72,000 for taking its interest in Tract 250, less the interests of three lessees, two of which were settled for \$2,500 and for \$7,500, and the third being the Slavens.

To the state, \$577 for taking its interest in Tract 250-E.

And to the state, \$1,500 for value of property taken in Tract 408.

The lands and easements are owned by the United States, part by the state of the National Land and River Administration, and part by the Federal Trust Company.

UNVEIL TRAINING PROGRAM FOR HIGHWAY PATROL

Commissioner of Public Safety T. B. Birdsong made public the details of a new training program developed by the Highway Patrol Training Division in conjunction with local and county enforcement agencies. According to Birdsong, "The program is the outgrowth of a long series of contracts and correspondence with the various local departments over the state. Essentially, the program is designed to make available to interested departments instruction in the rudiments of Accident Investigation, Traffic Direction and Control, Case Preparation and Court Procedure, and First Aid. The long range plan is to expand the scope of the program to include courses to help handle the multitude of problems that have arisen over the past four or five years."

The basic purpose of the program is to work out a training school or schools that will enable the small department unable to hire trained, professional personnel to send their men to the schools for training in the basic elements of the profession. It will be offered at no cost to the men or the departments and is open to any law enforcement officer.

"Our pilot school was held in Carthage the latter part of January and the results and response have been very good. We plan to continue with schools in Hattiesburg, Brookhaven, Greenwood, Batesville and Tupelo. These locations were chosen to permit the maximum number of departments to attend without the necessity for a long drive. These places will put most of the towns in the state within a 60-mile radius of one of the training courses."

Contractors will build the substructure about 378 feet long, 146 feet wide and 40 feet high, containing about 44,000 cubic yards of concrete and 4,700 tons of reinforcing steel, a waste drainage system, a power and equipment grounding system, and two high pressure industrial water transverse headers.

Work is expected to begin shortly and be completed in December 1964.

The Corps of Engineers sent advance notices soliciting bids on this job to 1910 contractors and material suppliers, furnished plans and specifications on request to 29 prime contractors and 159 sub-contractors and material suppliers, and received 9 bids from prime contractors.

Army Engineers have invited contractors to submit competitive bids for construction of a large high pressure water and heating facility at the NASA-Marshall Space Flight Center's Mississippi Test Operations, which is under construction in south Mississippi for performing acceptance tests on rocket stages and engines destined for the Apollo manned moon landing program.

The Corps of Engineers is serving as NASA's agent for engineering, design and construction at the big rocket proving ground, which is estimated to cost \$500,000,000.

The water and heating facility will provide industrial water under high pressure to the rocket test stands to cool the flame deflectors during firing operations and will serve as a part of the heating and air-conditioning system for the Saturn V complex.

The contract, which is expected to amount to approximately \$5,000,000, will call for the construction of a combined pumping and heating plant with a floor area of 40,000 square feet; an industrial water system including a reservoir, pump intake structures, Government-furnished pumps and diesel pumping units, and piping; a heating system including three high-temperature water generators of 15 million BTU per hour capacity; an oil storage facility; and all necessary utilities. It will also include the installation of four Government-furnished 15,000 KW diesel engine generators for standby use.

HEADQUARTERS, THIRD U. S. ARMY, FORT McPHERSON, GA. THORNTON CONSTRUCTION CO., INC. AND HYDE CONSTRUCTION CORP., BOTH OF EVERGREEN STATION, GULFPORT, MISS., HAVE BEEN AWARDED A JOINT CONTRACT OF \$1,210,656 FOR THE CONSTRUCTION OF ROADS, RAILROADS AND UTILITIES AT THE MISSISSIPPI TEST FACILITY, HANCOCK COUNTY, MISSISSIPPI.

The work will be performed jointly by the two contractors at the Mississippi test site.

The contract was awarded on Feb. 18 by the Mobile District Corps of Engineers, Mobile, Ala., from National Aeronautics and Space Administration Funds.

OFFICIAL MISS. HWY REVISED MAP NOW AVAILABLE

Mississippi's official State Highway Map has been revised as of January 21, and copies are now available. The Highway Commission announced today.

The revised map shows projects completed since publication of the 1963 map, including several links of interstate and numerous primary, secondary and urban connections.

There are 10,606 miles of roads on the designated state highway system. All of these are shown, along with some county-maintained connecting links. Every city, town or community with a post office is listed.

Other information on the map includes a list of historic spots, fishing lakes, historical and other facts of interest, and a brief summary of the organization and responsibilities of the State Highway Department.

Copies may be obtained from the State Highway Department or the Agricultural and Industrial Board.

All everyone has made us feel that Gulfside living is going to be a very enjoyable experience."

Mr. and Mrs. MacGregor and their four children are residing at 507 East Second Street.

GE PLANT PERSONNEL MANAGER AT MTO

PASS CHRISTIAN, MISS., Manager of Employee and Community Relations for General Electric's Power Tube Department in Beltsville, New York, arrived this past week with his family.

A graduate of Cornell University, MacGregor joined General Electric upon graduation. His present assignment will be Manager of Plant Personnel Administration for G. E.'s Mississippi Test Support Operation.

MacGregor stated that "the warm welcome extended to us by the neighbors of Pass Christian is deeply appreciated by us."

NASA News..

Colonel D. A. Raymond, U. S. Army District Engineer at Mobile, Alabama, announced today the award of a \$3,207,166 contract to C. H. Leavelle & Company, of El Paso, Texas, and Peter Kiewit Sons' Company of Omaha, Nebraska, for construction at NASA's Mississippi Test Operations in south Mississippi. The joint venture will build the foundation substructure of a dual-position stand for test firing the first stage of the Saturn V moon rocket, a stage which will develop the tremendous thrust of 7,500,000 pounds.

The contractors will construct substructure about 378 feet long, 146 feet wide and 40 feet high, containing about 44,000 cubic yards of concrete and 4,700 tons of reinforcing steel, a waste drainage system, a power and equipment grounding system, and two high pressure industrial water transverse headers.

Work is expected to begin shortly and be completed in December 1964.

The Corps of Engineers sent advance notices soliciting bids on this job to 1910 contractors and material suppliers, furnished plans and specifications on request to 29 prime contractors and 159 sub-contractors and material suppliers, and received 9 bids from prime contractors.

Army Engineers have invited contractors to submit competitive bids for construction of a large high pressure water and heating facility at the NASA-Marshall Space Flight Center's Mississippi Test Operations, which is under construction in south Mississippi for performing acceptance tests on rocket stages and engines destined for the Apollo manned moon landing program.

CIVIL RIGHTS BILL NOW UP FOR SENATE ACTION

WASHINGTON - The vicious civil rights bill has now passed the United States House of Representatives and will come before the U. S. Senate in the next few days, Senator John Stennis said this week.

"In spite of the valiant efforts of our Mississippi Congressional delegation and other conservative members of the House, the civil rights bill was adopted in the House by an overwhelming vote of 280 to 130," the Senator said.

"This bill, as it is now written, would give the Federal Government unprecedented raw power over the every-day lives of all citizens throughout the country. Stennis, a former circuit judge, went on to say: No business, however large or small, would be safe from the long arm of an all-powerful Federal Government reaching all the way from Washington to every village and community in this great country."

If this bill is passed and becomes law, then the power of the Federal Government over all business would be virtually complete. Under the public accommodations section of this bill, the Federal Government would be granted the power and authority to require every such business and commercial establishment - hotel, motel, restaurant, theater, barber shop, and many others - to open its doors to all, regardless of any other consideration.

It is a crying shame that the American people, by and large, have not fully awakened to the full impact of what this bill would do to this country if it should ever become law.

Our Southern group in the Senate will meet this bill with every parliamentary maneuver and weapon available. The entire nation must be alerted to the real danger to constitutional government which this bill represents. It must be exposed for what it really is, a political grab for power solely to satisfy selfish pressure and minority groups.

GREATER CARE COULD ELIMINATE BUS TRAGEDIES

Jackson, Mississippi, February 24, 1964. (Special) "Mississippi could experience a major school bus tragedy if greater care is not exercised by some bus drivers and the general public," State Superintendent of Education, J. M. Tubbs warned today.

"The Illinois-Central and other railroad companies have reported 28 'near misses' of school buses by trains at railroad crossings in the state in a period of a little over one year," Superintendent Tubbs said.

"The Greeley, Colorado, school bus tragedy in December, 1962, warned today."

"Some school buses are traveling without the patrol as now stated. In some traveling public while school buses are unloading children, they follow them, thereby endangering children."

Superintendent Tubbs said the cooperation of the Highway Patrol, general officers of the state, and the general public will be in maintaining compliance with regulations governing the operation of school buses.

"It is our sincere hope that the general public will be concerned with these laws and regulations which we can avoid a day," Superintendent Tubbs said.
